Software & Technical Stack: Adobe Premiere Pro, DaVinci Resolve, FL Studio (Audio Mastering & Sound Design), Canva, Generative AI Workflows (Claude, ChatGPT, ElevenLabs, Runway)

PROFESSIONAL EXPERIENCE

Creative Lead – Content & Media Operations, Aatm Nirbhar **Dec 2025 - June 2026**

- Spearheaded end-to-end multimedia content strategy and social campaigns for grassroots initiatives (Scooter Rani, Scooty Didi), scaling brand awareness and audience engagement across YouTube and Instagram.
- Directed the complete video production lifecycle - from concept development, scripting, and shoot direction to post-production editing, sound design, and color grading
- Engineered high-retention video formats that consistently scaled across digital platforms, generating individual assets with over 100K–1M+ organic views.
- Scaled organic social channels by 10K+ followers within 4 months by implementing hook-optimization frameworks, dynamic pacing, and audience-centric narrative structures.
- Streamlined publishing workflows and post-production pipelines, coordinating camera crews, freelance editors, and editorial calendars to ensure consistent, zero-delay delivery.

Independent Media Producer & Creative Consultant **2011 – Present**

- Directed end-to-end multimedia production and creative strategy across broadcast television, digital entertainment, sports leagues, and global brand campaigns (spanning India and international markets).
- Spearheaded scriptwriting and episodic creative development for broadcast television, including culinary programming for Colors TV UK, overseeing narrative structure, format pacing, and production workflows.
- Produced, composed, and engineered commercial anthems, jingles, and broadcast audio for premier sports properties, including Legends League Cricket and UKPL, managing sound design, vocal tracking, and final audio mastering.
- Delivered 100+ multi-format digital assets (short-form video, promotional campaigns, motion assets) for clients across entertainment, education, fashion, and sports, establishing rapid turnaround pipelines from concept to export.
- Orchestrated multi-disciplinary freelance crews - directing video editors, sound engineers, voiceover artists, and camera teams to maintain strict delivery deadlines and technical quality control (QC).

Senior Content Producer, Collegedunia **Dec 2024 – March 2025**

- Directed end-to-end digital video production and publishing pipelines for Collegedunia's digital lifestyle and entertainment media verticals (including Vipfortunes), delivering high-volume multi-platform assets across YouTube Shorts and Instagram Reels.
- Engineered rapid-turnaround production frameworks, integrating script development, synthetic voice modeling, and automated asset assembly to accelerate weekly video publishing output without compromising editorial quality.
- Executed comprehensive search and discovery metadata strategies—standardizing SEO taxonomy, title architectures, thumbnail packaging, and platform tagging to drive organic reach and audience acquisition.
- Conducted algorithmic trend and retention analysis, identifying high-velocity editorial opportunities across digital entertainment categories to systematically optimize viewer watch-time and hook efficiency.
- Supervised post-production quality assurance (QC), ensuring all outbound video assets met strict color, audio leveling, aspect ratio, and digital rights compliance standards prior to CMS ingestion.

Senior Content Executive, Baazi Games **Sept 2019 – June 2022**

- Directed end-to-end multimedia content production and creative strategy across high-growth sports entertainment and gaming verticals, scaling user acquisition and brand awareness.
- Produced and composed original digital anthems, jingles, and promotional media for peak IPL seasons and flagship gaming tournaments, managing composition, vocal engineering, and final audio mastering.
- Spearheaded high-impact celebrity campaigns, directing audio-visual storytelling, creative scripting, and post-production execution for nationwide digital promotions featuring Divyenndu Sharma.
- Managed high-frequency post-production pipelines, overseeing multi-format video versioning (16:9, 9:16, 1:1), rapid motion-graphics turnaround, and strict audio-visual quality control (QC).
- Collaborated cross-functionally with growth marketing, product design, and external talent, translating high-level marketing briefs into structured, performance-driven digital media assets.

Assistant Marketing Manager, 4700BC **June 2017 – June 2018**

- Coordinated multi-channel marketing campaigns and on-ground experiential activations for 4700BC's premium FMCG and retail product portfolio, driving brand visibility and footfall across flagship retail kiosks and institutional touchpoints (including PVR Cinemas)
- Managed promotional collateral production pipelines, collaborating with creative agencies, print vendors, and retail operations teams to ensure 100% on-time deployment of Point-of-Sale (POS) visual merchandise and digital assets.
- Executed brand visibility and consumer engagement initiatives, analyzing customer traffic patterns, campaign reach, and promotional uptake to optimize on-ground conversion rates.
- Conducted competitive market analysis and category benchmarking, delivering actionable insights on consumer snacking behavior and retail trends to support new product launch strategies.

Marketing & Creative Operations Executive, Sushiya **Oct 2012 – Feb 2015**

- Managed cross-channel customer communications and promotional campaigns for pioneer Japanese QSR brand Sushiya, driving consumer engagement, repeat orders, and brand loyalty across digital and direct marketing channels.
- Authored brand copywriting and marketing collateral, developing promotional messaging, newsletter campaigns, and customer-facing announcements aligned with strict hospitality brand standards.
- Maintained customer relationship management (CRM) workflows and customer databases, tracking consumer feedback and order trends to optimize direct marketing outreach and campaign response rates.
- Coordinated the production and distribution of point-of-sale (POS) and digital promotional assets, working alongside internal creative teams and print vendors to support seasonal product launches and retail activations.
